

# ***OBJECTIVES***

- 1) To develop an online formative assessment and feedback system for the students
- 2) To equip the B.Ed. students for Online Examinations
- 3) To inculcate habits of paperless transactions in the B.Ed curriculum
- 4) To develop time management among students

# ***INTRODUCTION***

**Pillai college of Education conducted its first online test on 22/11/2016 and 23/11/2016 for the first year batch 2016-18. The following requirements were fulfilled to conduct it successfully.**

## **FRONT END**

1. Login to access test through MES ID. Registration is not required. We have created F. Y. B. Ed 2016-18 MES ID and file is shared with you for user id and password.

### **PCER Students 2015-17, 2016-18**

2. Following are the features of Online Objective Practice test
  - a. We can add 2 type qs - objective qs with options OR writing one word answer
  - b . Timer is added
  - c. We can apply random qs feature. It means we can add 50-100 qs per test and limit to display 20-30 qs randomly
  - d. Meta tag/description/hint can be added
  - e. view questions will provide you with the correct answer
  - f. test summary is provided
  - g. unlimited access to free practice test

## **BACK END**

1. User login details with time, date, browser and IP address
2. Student Test attempt details/results/leader board will be generated

User is restricted to access TEST with same login in two machine . At a time user can login from one computer.

# FORMAT OF ONLINE TESTS

The screenshot displays two parts of an online test interface. The top part shows three multiple-choice questions, and the bottom part shows a leaderboard for an Economics test.

**Questions:**

- Question 1:** EQUIVALENT TO is approximately the same in meaning as EQUAL TO.  
 Options: 1. True (selected), 2. False.  
 Correct: True.
- Question 2:** This task is so simple that it seems like a piece of \_\_\_\_\_.  
 Options: cake (selected).  
 Correct: cake.
- Question 3:** Both the choices are tough ones. It's like being between a rock and a \_\_\_\_\_.  
 Options: mountain (selected).

**Leaderboard: Economics Test**
