## Seed Money and Research Support Policy

Dr. Renu Francis  
Principal  
Mahatma Education Society's  
Pillai College of Education & Research  
Chembur, Mumbai - 400 071.

### Seed money and research support policy

PCER Chembur wish to encourage the faculty to take active participation in the research and contribute to the self, institutional and national development. Available infrastructure and other facilities can be availed by all the faculty members through following proper channels to contribute to the research ecosystem.

#### Objectives:-

- To foster a research culture among the faculty members.
- To promote excellence in research in higher education.
- To develop a research oriented attitude among the faculty members.
- To encourage the faculty to contribute to the institutional and national development.

**Steps for availing seed money and research support from the management grant are as follows:**

1. The faculty of PCER Chembur applies for the seed money/facilities in the format provided in the **Annexure A**.
2. IQAC and Research Cell evaluates the application
3. The application is forwarded to the college management.
4. Once approved by the Management, the proposal will be forwarded to the Finance Section for the release of funds.
5. The faculty may then commence their research work.

#### Ph.D. incentives

Staff members who receive their doctoral degree will be felicitated during the Teachers' Day celebrations with cash incentive

Staff members who successfully guide their Ph.D. scholars also receive cash incentive once the degree is awarded and copy of the thesis is submitted to the college library.

### **Incentives for research Publication**

PCER management is providing cash incentive for research papers published in indexed/ UGC approved journals after evaluating the impact factor of the research journal and importance of the paper.

### **Incentives for publication of books with ISBN**

Cash incentives will be provided to all the faculty of PCER Chembur for their publication of books with ISBN Number. If many authors publish the book the incentive must be shared among them.

### **Incentives for patent rights**

The faculty members will get help from the college for applying patents and the cost incurred for applying of the patents.

### **Upgrading Qualification**

---

It is the policy of the Institute to permit its current faculty to pursue higher qualifications on a part time basis from renowned and accredited Universities. However, the following conditions must be complied with

- Once approved a faculty member can avail one day a week to dedicate in the pursuit of that higher degree. The teaching load must be adjusted within the remaining days of the week.
- The faculty member must spend the allotted day conducting research in their research center.
- The faculty must make themselves available for routine administrative tasks such as examinations, inspections etc.
- No more than 3 faculty can avail of one day leave at a time as this would affect the smooth functioning of the institution.
- Faculty member should have received admission into a reputable college or university in Mumbai.

### **Procedure**

- Faculty member must make an application to the Principal.
- The Principal will review the application and check whether the policy guidelines are met.
- The Principal will make the final decision and communicate that to the concerned faculty member.

**Faculty Research Scheme**

---

From time to time faculty may want to work on different research oriented projects or purchase equipment or develop software that can be beneficial to the institute or can be a new exploratory project. The faculty may propose purchase of new equipment or software or support from the MES management for their projects. Following are the guidelines for this scheme.

1. A total amount of upto Rs. 25,000 can be sanctioned for an individual faculty member for a specific project or facility or a total amount of upto Rs. 50,000 can be sanctioned for any piece of equipment that would lead to research.
2. Faculty member should make a concrete proposal with details of proposed equipment needed. This should include associated costs of the equipment, how it will benefit the institute or contribute to the faculty members research.
3. Once the purchase is made the faculty member will maintain records of the purchase of the equipment, any and all research, patents or other benefits of the project and submit it to the principal.

**Procedure**

1. Faculty member must make an proposal to the Principal with a copy to the Research Committee.
2. The Principal, Research Committee will review the application and check whether the policy guidelines are met.
3. If approved the Principal will forward the application to the MES management board.
4. The Management Board will consider and approve the proposal.
5. The Principal will communicate that to the concerned faculty member and Research Committee.
