Dr. Reni Francis, Principal and Dr. Swasti Dhar, Asst. Prof, PCER published a book titled 'Futuristic Role of Teachers', ISBN-9781685540708. This book is a compilation of chapters from eminent educationists and teachers who have put forth their views about what the future role of a teacher will be. The Pandemic has brought with it a disruption of life as we knew it. The field of education is no exception. But it is a fact that like the doctors of the world showed their mettle, teachers all over the world also got their act together. This book looks into the future role of education and teachers and is in line with Sustainable Development Goal 4: Quality Education adopted by the United Nations.

On 25th April, 2022, Ms. Priyanka Mohite gave a talk at PCER Chembur on Holistic Development Among Students Viewpoint of NEP 2020. She explained that the new version of the policy is student-oriented and aims at holistic development of students to create better citizens with high ethical and moral standards apart from subject knowledge. The policy aims at achieving futuristic targets of developing students, promoting intellectual curiosity, value addition and skill development to make them successful entrepreneurs in their chosen fields. She went on to discuss the knowledge, skills, competencies and attitudes teachers should have in order to support the holistic development of students in the classroom. She also shared strategies that schools as a whole, and that teachers can adopt in their individual classrooms for the successful implementation of the same.
